1. Please refer to the AACS national manual for a description of all art categories with the exception of photography.
2. Entries are not restricted to sacred themes, but entries which reflect sensualism, humanism, occultism, or worldliness will be disqualified; basically, any subject detrimental to spiritual edification will not be allowed.
3. Each entry will be the original creation of the participant alone, but the participant may have had advice or instruction.
4. Each entry must have been created since the last competition.
5. Students should do original drawings or paintings from imagination or actual life; working from a photograph is allowed, but only if the student has strived to be creative in his interpretation of the photograph, rather than trying to copy it exactly. There must be a significant change, at least 40% in the artwork when using another person's photograph. Any photography used must be included with the artwork. Copying of any existing art work (painting, drawing, illustration, etc.) is prohibited.
6. Entries may not include likenesses or representations of any copyrighted or licensed artwork or characters (such as characters or recognizable environments from animated films or any form of sequential art) in part or in whole. Use of such artwork is a violation of international copyright law.
7. Two dimensional work must be matted, gallery-wrapped canvas or cradled. Framing is not allowed except for textiles and crafts in Level III only. Framing may be used in Level IV instead of matting. Double matting may be used in Level IV. Three dimensional work should be attached to a base if possible. Photography must have a white mat only, no double mat or frame.
8. Each entry must be accompanied by an *Artist's Idea Statement*. Photography entries must have the *Photography Artist's Idea Statement*. A label should also be filled out and

attached to the front to give information which will allow the piece to be identified. Points will be deducted if one or both of these items are missing.

9. Art pieces may not be picked up until Friday 2:00 P.M. of the Festival. The school FAF Coordinator is responsible for picking up all art pieces from his school. Any pieces that are left may be disposed of by the area Art Coordinator after an attempt to contact your school.

A storage device with the digital image in its original file is to be submitted.

GENERAL RULES FOR PHOTOGRAPHY:

1. The print may not have obvious “touch up” work. Good retouching, whether digital or analog, cannot be detected.
 - a. Retouching work should be limited to enhancements and modifications that improve the presentation of the image, but do not change the truth of the original story. The photographer may not add or replace elements in an image. Red-eye removal and spot editing are permitted.
 - b. Retouching may only include the use of corrective functions to improve the natural appearance (for example: levels, contrast, brightness, curves, intensity, tone, hue, saturation, color balance, etc.).
 - c. Artistic filters may NOT be used.
 - d. Retouching is part of the creative process. Good retouching cannot be seen and poor retouching will be graded against; therefore, graphics and text must not be included.

3. The minimum print size is 7 X 10 inches.
