

Calvary Christian School: Infectious Disease Crisis Management Plan

In an effort to keep parents, students, and teachers informed, CCS would like to communicate what steps are being taken to deal with the spread of Covid-19 in such a way that will allow us to keep the doors of the school open without endangering students and families. Below you will find how we are gathering information, processing this information, and the plan we are endeavoring to follow to provide as much of an uninterrupted schedule while taking all available precautions.

1. Gathering of information: In the light of media hype, community panic, partisan efforts, and even indifference, it is difficult to sort through everything that is out there. CCS will be careful to not overreact, or minimize the threat. We will be looking to local and national sources for information.
2. Some decision will require a judgement call from school administration. Other decisions will not be ours to make – but ours to deal with as best we can.
3. In all things we are both trusting the Lord, and moving toward making preparations for how to handle what is put before us.

(This plan may be subject to change based on Fed./SC Gov., HCPS, DHEC, etc.)

Risk Level	Attendance	Extra-curricular Programs	Sports Department	Field Trips	Educational Delivery	Communication
0 - Very Low Risk: No reported cases of Covid-19 in SC.	Students with fever and/or flu-like symptoms (vomiting/fever/diarrhea/extreme fatigue) will be sent home and should not return till 24 hour AFTER the last symptom.	After school programs continue uninterrupted.	Games and practices continue uninterrupted.	Field trips continue uninterrupted.	Regular school program.	Regular communication. Follow use of student policy manual.
1 - Low Risk: Confirmed cases in SC, but not in Horry County	Students who are sent with flu-like symptoms will be required to stay home for a minimum of 48 hours.	After school programs continue uninterrupted.	Away games will be subject to administration approval. Practices continue uninterrupted.	Local field trips continue uninterrupted. Trips outside of Horry County will be subject to administration approval.	Regular school program. Hygiene emphasized.	Regular communication. Follow use of student policy manual.
2 - Moderate Risk: Reported cases of Covid-19 in Horry County	Students with flu-like symptoms may only be re-admitted after being tested for Covid-19 and cleared by a licensed physician.	After school programs continue uninterrupted.	Away games will be subject to administration approval. Practices continue uninterrupted.	Local field trips will be reviewed - trips to public locations suspended.	Regular school program. Hygiene emphasized, required implementation of handwashing. Development of online learning program with current curriculum.	Daily reviews of the school program with changes being communicated .
3 - Heightened Risk: Confirmed cases of Covid-19 in local area.	Students with flu-like symptoms may only be re-admitted after being tested for Covid-19 and cleared by a licensed physician.	After school programs continue uninterrupted.	All athletic games and travel suspended.	All field trips suspended.	Regular School Program (may be subject to SC Gov. regulations). Training staff in use of and implementation for online learning program. Hygiene emphasized, required implementation of handwashing.	Daily reviews of the school program and SC Gov. regulations communicated.

4 - High Risk: Confirmed case in student body/community.	Students not allowed on campus except to get materials necessary for at-home learning. Staff allowed on campus for implementation of online learning program.	All programs suspended.	All programs suspended.	All programs suspended.	Online learning program implemented.	Daily communication through online learning program.
--	---	-------------------------	-------------------------	-------------------------	--------------------------------------	--

**Hygiene Emphasized
Handwashing Protocol.**

Supervised handwashing with soap and water.

- All students at all bathroom breaks
- After all p.e. and recess activities
- Before and after eating

Use of hand sanitizer.

- All students every time they enter the classroom.
- Hand sanitizer should not be used in the bathrooms. Soap and water is most effective when water is present.

Classroom Sanitizing.

- Teachers should keep a log of date and times that desks/doorknobs and other common surfaces are wiped down with disinfectant wipes. A minimum of twice daily with one being between school days.

Online learning requirements.

Each student will need access to a computer that has internet access.

Teachers will be using a combination of RenWeb and Moodle to implement online learning.

Some materials will need to be uploaded/printed/scanned for grading purposes.
